

ANS Task Force did not commission the study. The principal investigators assembled a team of biological invasion scientists and physical oceanographers to conduct a study and submitted their report to the ANS Task Force and NOAA in November 1998. Both EPA and NOAA have accepted the report and authorized its release.

The ANS Task Force is now considering whether to adopt this volunteered study as fulfilling its responsibilities under section 1102(a)(1) of the Act (16 U.S.C. 4712(a)(1)). A key factor in those deliberations is the scientific and technical accuracy and completeness of the November 1998 report of the volunteered study.
